

PARTY!

It was a Friday and school was just finishing.
(Education) Skyler leaned over to Cydney and
whispered, “Party at my house!!! Spread the word.”
(Social Relationships) So Cydney told everyone in the
seventh grade!

Back home Skyler used her new cell phone
(Technology) to call Barbosa’s Restaurant. They were
on the way! (Business and Commerce)

Skyler’s mom said, “The DJ is coming.” (Media)

Zack, Skyler’s little brother whimpered, “Why
can’t I stay?”

“Because you will be in the way and someone will
trample you!” Skyler answered. (Safety) Pretty soon
their Grandma came to get Zack and took him to her
house. (Transportation)

Around 6:00 people started coming over. First to
arrive was DJ Miller. “Yo! Yo! Yo! Where do I set up?”

“In the back yard, please,” said Skyler’s Mom.
(Environment)

Then came Nate “What’s up?”

“Nothin’ much yet” answered Skyler.

Pretty soon everyone was there and they were fist pumping. (Arts and Aesthetics)

DJ Miller shouted, “How’s everyone feeling?”
(Psychological Health)

Everyone shouted back “Good, real good...”

Noah got really hyper and accidentally rolled down a hill. When he got to the bottom he jumped up and said “Don’t worry, I’m okay!” (Physical Health)

Just then a helicopter flew down and Britney Spears stepped out and said, “Where’s Wal-Mart?”
(Miscellaneous)

After Skyler gave Britney directions, Moira said “Hey, where’s the food? I’m hungry!” (Basic Needs)
Skyler showed her where all the snacks were.

After awhile, everyone was doing the party theme shuffle. (Recreation) Skyler’s dad came home from work as a corrections officer (Law and Justice) and gave Skyler a high five “Cool party! Hope you’re all behaving or I might have to take you in!”

Then a huge airplane flew over the party and Obama jumped out (Government and Politics) and

said, "Praise the Lord!"(Ethics and Religion) and he started doing the worm.

Later, Skyler went to the stage and shouted "Drop it like it's HOT!" (Communication)

Obama shouted, "I killed Bin Laden!" (Defense)

Then they all heard "Crazy Train" so they all looked up to where the sound was coming from and Ozzy Osborn was throwing \$1 bills out of his jet! (Economics)

With all that money, so much food, and so many friends, they all lived happily ever after.

THE END
