STEP 2. Select an Underlying Problem

Using the challenges, concerns, and possible problem listed in Step 1, identify a problem of major importance to the Future Scene situation. Write your Underlying Problem making sure your question clearly explains the action that will be taken and what the results/goal of that action are.

Do not write on the back of any page. If needed, additional blank pages are provided.

STEP 3. Produce Solution Ideas

Generate solution ideas to the Underlying Problem in Step 2. Choose the 8 most effective solutions and write the elaborated ideas in the space provided.

Do not write on the back of any page. If needed, additional blank pages are provided.

STEP 6. Develop an Action Plan

Your last task is to develop your most promising solution idea into an Action Plan. Explain what the solution will do, how it will work, why it will solve your Underlying Problem, and how it relates to the Future Scene. Include a description of your Action Plan to carry out the solution idea. You might consider some of the following concerns: Who will be involved? What actions will be taken? When and where will the plan be carried out? How might you overcome any obstacles? What are some sources of assistance for your plan? What are some sources of resistance for your plan? **Do not write on the back of any page. If needed, additional blank pages are provided.**
